

## Richard Grant Sparkling Blanc de Noir Napa Valley Wrotham Pinot

A superb Pink Sparkling Wine from the most unique Pinot Noir clone ever! Every vine in this 2 acre Napa Valley vineyard grew from a single cutting taken from a 200 year old vine that was discovered growing wild in Wrotham village, Kent, England. The Wrotham vine is believed to have descended, through natural generations, from the original Pinot Noir vines brought to England by the Romans nearly 2000 years ago. <[www.richardgrantwine.com](http://www.richardgrantwine.com)>

The current vintage, 2001, produced just 500 cases and had 3+ years on the yeast en tirage, in addition to further bottle age. It exhibits a beautiful pink color, luscious fruitiness reminiscent of Kiwi, Berries and Citrus along with exquisite balance. The ultimate in elegance! ***This is that special wine to share with your special someone.*** This sparkling wine is in its zone of peak drinkability now, and will continue to hold well for ten years from vintage year. It can be found in selected restaurants and fine wine shops in California and Arizona or online at [www.richardgrantwine.com](http://www.richardgrantwine.com). Retail: \$50.

**Recent Awards: Double Gold & Best of Class Award at the 2007 National Women's Wine Competition, Gold Medal at Dallas Morning News Wine Competition, Gold Medal & Best of Class Award at Jerry Mead New World International Wine Competition, Silver Medal at Pacific Rim Wine Competition, Silver Medal at Los Angeles International Wine Competition, Silver Medal at California State Fair Wine Competition**

The Richard Grant collection has a few bottles of the 2000 vintage available at \$60.
